# FROM THE PRINCIPAL'S DESK

As we have stepped into our landmark 10th year, I look back with immense pride at the journey of ST PAULS COLLEGE, Bengaluru. What began as a focused young institution has matured into a vibrant academic hub, now recognized with a NAAC B++ accreditation and official AICTE approval. Our mission remains steadfast: to nurture aspirations and cultivate personalities. We are no longer just a college; we are a launchpad for the professionals of tomorrow. Our holistic approach blends the rigorous Bangalore University syllabus with innovative, practical learning, earning us a place among the top-50 rankings in national surveys like India Today and Outlook.

We take pride in our holistic approach to education, where students are encouraged to grow in honesty, confidence, creativity, discipline, and enthusiasm. While our curriculum is meticulously designed and adheres strictly to the Bangalore University syllabus, we have also paved way for an expanded worldview through co-curricular and extra-curricular activities with prestigious collaborative events such as TEDxStPauls, Under25, Conferences powered by National Council for Women and National Hindi Directorate, New Delhi and many more. The world is taking notice of the microcosm of excellence that ST PAULS COLLEGE is shaping into and we have had the great privilege of hosting guests ranging from the Governor of the state to Vice Chancellors and Registrars of Universities, Army and Navy veterans, seasoned academicians, Movie stars and celebrities from the entertainment world among several others.

Central to our success is our dedicated team of educators and support staff. With their expertise and commitment, we ensure that our learning environment is of the highest quality. Through innovative teaching methods that blend theory with practical application, we prepare our students for success in an ever-evolving global landscape. This is evident in the various ranks, gold medals and awards won by our students at the university level in the last few years.

As Principal, I am confident that, with the continued support of our management, staff, and students, ST PAULS COLLEGE will continue to thrive and reach new heights of excellence. I invite you to be part of our decennial legacy as we continue to empower minds and transform futures.

Warm regards,

**Fr. Dr. Thomas MJ**

Principal

## VISION

Taking inspiration from Blessed James Alberione, the founder of the Society of St Paul, ST PAULS COLLEGE, Bengaluru aims to nurture students, with special focus on media education, to become mature and responsible citizens by ensuring a conducive environment to pursue academic excellence and holistic growth.

## MISSION

ST PAULS COLLEGE, Bengaluru endeavours to identify the potentials and talents in students and to draw out the best in them by providing ample opportunities and facilitating genuine opinion formation in order to make them visionaries and professionals, and committed citizens of tomorrow.

**BUILDING  
VALUE-DRIVEN PROFESSIONALS  
FOR A BETTER TOMORROW**

## ABOUT ST PAULS COLLEGE

ST PAULS COLLEGE, Bengaluru is a premier institution of higher education under the aegis of the Society of St Paul, an international Catholic educational organization founded by Blessed James Alberione in Alba, Italy, on 20 August 1914, with a global presence across 42 countries. Affiliated to Bangalore University and recognized by the Government of Karnataka, the college stands firmly rooted in a century-long legacy of academic excellence, ethical formation, and social responsibility.

Strategically located at Nagasandra near the Peenya Industrial Area, Bengaluru, ST PAULS COLLEGE is easily accessible by road and the Namma Metro, making it a preferred academic destination for students across the city and beyond.

Our unwavering commitment to quality education is reflected in our AICTE approval and NAAC accreditation with an impressive B++ grade — rare and noteworthy achievements for an institution in its first decade of existence. This academic credibility is further strengthened through active collaborations with reputed institutions of higher learning in India and abroad.

ST PAULS COLLEGE has been consistently recognized for excellence through several prestigious honours, including the PRCI Awards, Times Ascent Awards, Business Mint Awards, and Asian Education Awards, earning distinction as an Outstanding Academic Institution and Best Media College. Our academic standing is reinforced by national rankings: Outlook Ranking 2023 places ST PAULS COLLEGE 2nd in Bengaluru, 4th in Karnataka, and 17th in India for Journalism and Mass Communication. India Today also

ranks the college among the Top 20 colleges in Bengaluru for BCOM and BBA programmes.

The strength of the institution lies in its faculty, a dynamic and multidisciplinary team of accomplished educators comprising published authors, award-winning professors, textbook writers, life-skills consultants, and seasoned media professionals. Their academic rigour and industry insight ensure a holistic and future-ready learning experience for students.

At ST PAULS, education transcends the classroom. The campus is a vibrant hub of academic fests, cultural events, sports activities, national and international conferences, fostering creativity, leadership, and professional confidence. The institution actively promotes research and innovation, evidenced through its growing body of publications, research initiatives, and academic partnerships. The college also extends quality internship opportunities, including to media students from other institutions, strengthening its role as a knowledge-sharing hub.

With international collaborations, global certifications, and cross-cultural academic exposure, students are equipped with a truly global outlook. Our campus infrastructure features state-of-the-art classrooms, advanced laboratories, and well-stocked libraries, providing an enabling ecosystem for intellectual growth and professional development.

Join ST PAULS COLLEGE, Bengaluru, where tradition meets innovation, excellence is a practice, and education is a mission—Building Value-Driven Professionals for a Better Tomorrow.

# BACHELOR OF ARTS

## Department of Humanities

The Department of Humanities at ST PAULS COLLEGE, Bengaluru, offers comprehensive undergraduate programs that integrate academic excellence with innovative learning methods. Our programs foster intellectual growth, practical skills, and holistic development, preparing students for successful careers in various fields.

In alignment with the State Education Policy, our curriculum incorporates a three-major system, providing interdisciplinary approaches to learning. This unique approach enables students to develop a broad range of skills, including critical thinking, creativity, and effective communication. Our faculty comprise experienced educators and industry experts who provide guidance and mentorship to students. The department's focus on experiential learning, through internships, projects, and workshops, equips students with practical skills and real-world experience.

## Programmes

**BA Journalism,  
Psychology & English**

**BA Journalism,  
Political Science &  
English**

## Add-On Courses

BCA with AI + Cyber Security

BCA with Ethical Hacking + Cloud Computing

# BACHELOR OF COMPUTER APPLICATIONS

## Department of Computer Science

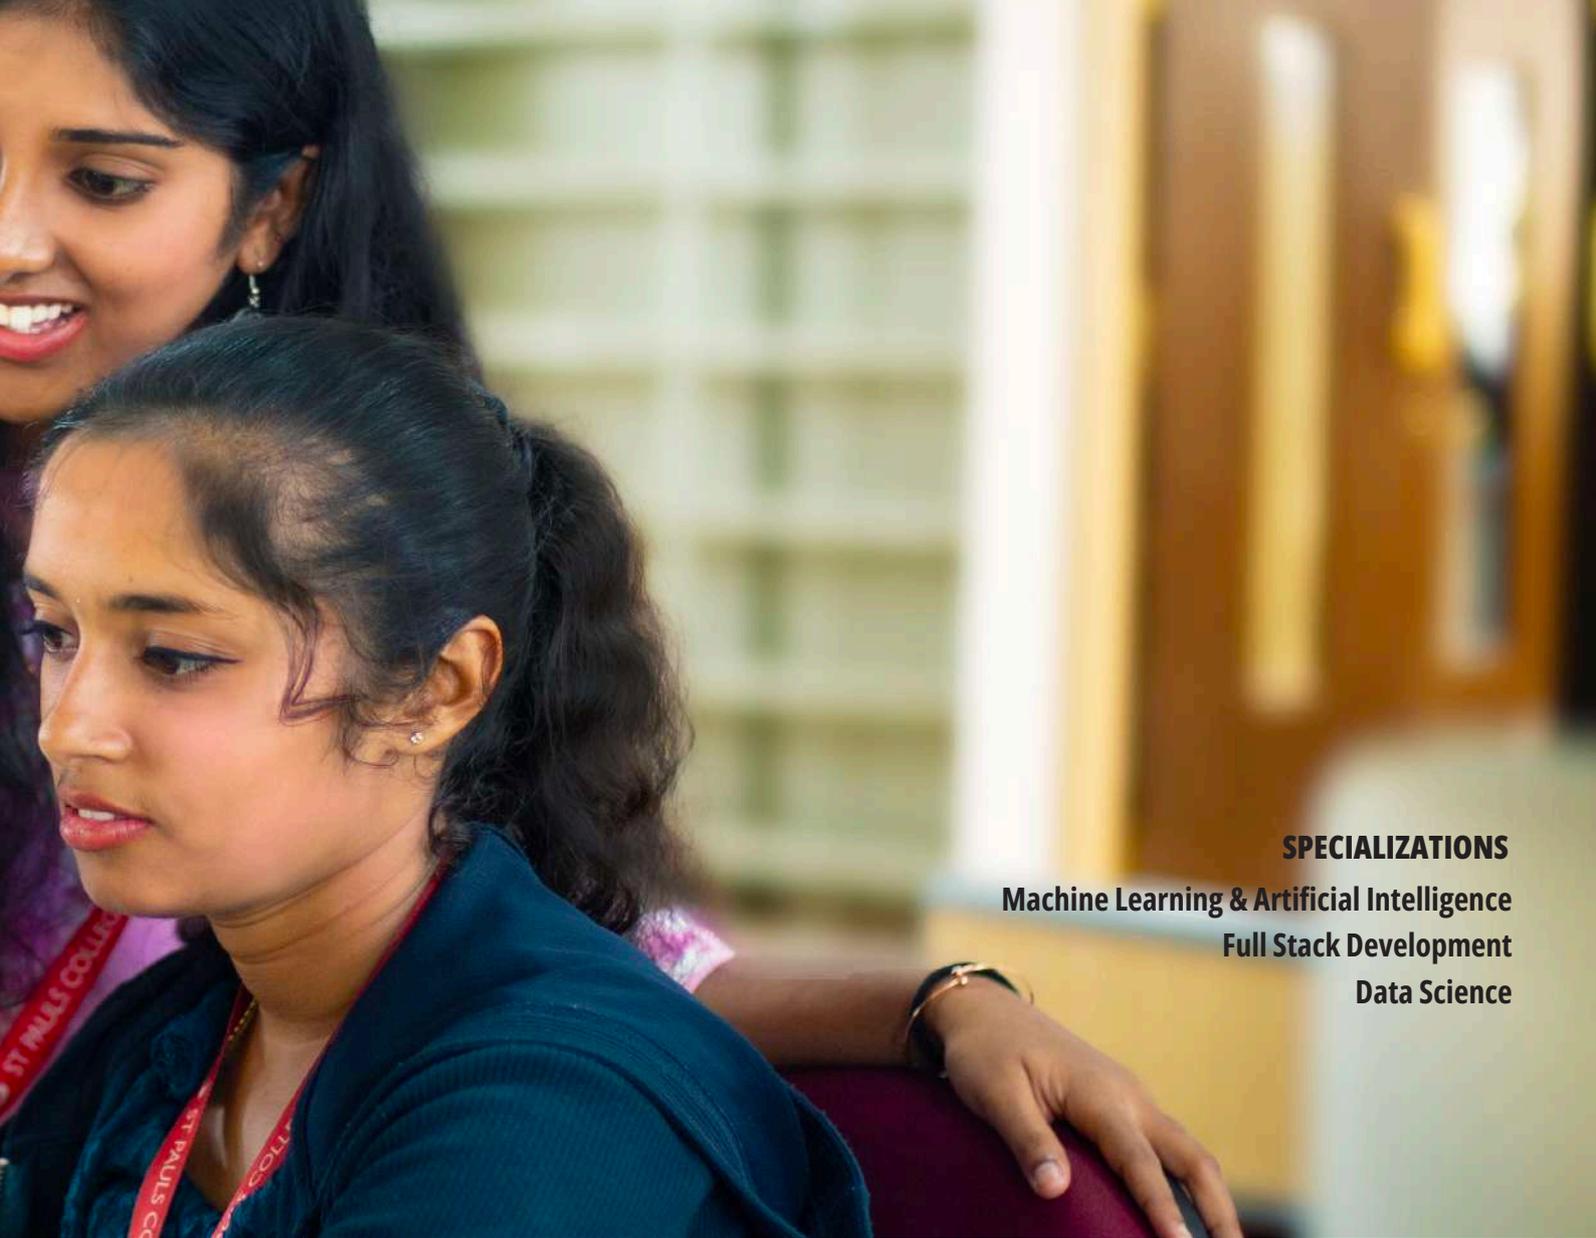

The Department of Computer Science offers a specialized undergraduate program: Bachelor of Computer Applications (BCA). The program is designed to address the increasing demand for skilled professionals in the fast-growing IT and software industries.

The BCA program focuses on building strong technical expertise, including software development, programming languages, web designing, multimedia, databases, and operating systems. In addition to theoretical knowledge,

the department emphasizes practical learning through hands-on experience, projects, internships, industrial visits, and educational tours. Experts from industry and reputed academic institutions are invited to enrich the learning experience, ensuring students are job-ready and equipped with both technical and soft skills. The department's strong industry connections provide students with valuable opportunities for growth and development, preparing them for successful careers in the tech sector.

## Bachelor of Computer Applications

The Department of Computer Science at ST PAULS COLLEGE offers the Bachelor of Computer Applications (BCA), a three-year undergraduate program designed to provide students with a strong foundation in Computer Applications and Information Technology. In line with the State Education Policy, the program emphasizes practical learning and offers specialization in the third year, allowing students to focus on specific areas of interest within the field. The BCA program covers core subjects such as programming languages (C, Java, Python), Artificial Intelligence, Machine Learning, Computer Architecture, Data Structures, Data Analytics, Networking, Database Management, and Software Engineering. Students are equipped with the knowledge and skills to solve complex problems in the IT and software sectors.

## SPECIALIZATIONS

Machine Learning & Artificial Intelligence

Full Stack Development

## Department of Science

The Department of Science at ST PAULS COLLEGE offers an innovative and interdisciplinary academic experience through its unique triple-major BSc program, combining Computer Science, Psychology, and Journalism. This comprehensive course is designed to provide students with a well-rounded education that integrates technology, human behaviour, and media communication, aligning with the State Education Policies' emphasis on holistic and interdisciplinary learning. Students will graduate with a diverse skill set, preparing them for successful careers across a variety of fields.

### Bachelor of Science (Computer Science, Psychology & Journalism)

**Computer Science:** The Computer Science program is designed to equip students with the technical knowledge and skills required to excel in the tech-driven world. With a focus on software development, programming, data management, and emerging technologies such as artificial intelligence and machine learning, students will gain hands-on experience in coding, algorithms, and problem-solving. This program prepares graduates for careers in the IT industry, software development, data analysis, and digital innovation.

**Psychology:** The Psychology program emphasizes understanding human behavior, emotions, and mental processes. Students will explore key areas of psychology, including developmental, abnormal, social, health, and industrial psychology. Through a blend of theoretical knowledge and practical applications such as research,

case studies, and internships, students develop critical thinking and analytical skills. This program prepares students for careers in mental health services, counseling, human resources, and research, as well as for further studies in psychology.

**Journalism:** Our Journalism program offers a strong foundation in media studies, communication, and reporting. Students will learn the essentials of news writing, digital media production, broadcast journalism, and media ethics. The program emphasizes hands-on experience in storytelling, public communication, and media technology, preparing students for a range of careers in print journalism, television broadcasting, digital media, public relations, and content creation. The focus on ethical journalism ensures that graduates are responsible and informed contributors to society.

### Program Highlights

Our department offers a wide range of enriching activities that complement academic learning and foster student engagement:

- **PEGASUS:** Computer Science Association
- **ORACLE & HACKATHON:** Intra- and inter-department techno-cultural gaming fests
- **KAIROS:** Inter-collegiate tech fests
- **IKANOS:** Intra-department fest
- **HUMANZA & MEDIA BASH:** Intercollegiate fests for psychology and journalism
- **YANA & PRERANA:** Mental health awareness and outreach programs

### Industry Exposure:

- Guest lectures from industry experts
- Industrial visits and internships
- National and international conferences
- Outreach activities and real-world interactions

### Infrastructure:

- **Computer Science Labs:** Equipped for programming and software development.
- **Psychology Labs:** Facilities for practical work and research.
- **Media Studio:** Space for journalism students to create and broadcast media.
- **Library:** Resources for Computer Science, Psychology, and Journalism.
- **Wi-Fi Campus:** Internet access for study and research.
